RUTGERS FEMALE COLLEGE.

Commencement Exercises Yesterday. What a difference there is, indeed, so far as out-ward appearance goes, between the Commencement of a woman's college and that important event in an institution devoted to the training of men! Of course outside appearances are eminently deceitful. and our young men or young women graduates are simply human beings, full of hope and aspiration, just starting in an untried life-path! but they are human beings with a difference. The young men are more sombre, in their hideous dress coats, their regulation neckties and their Com

costs, their regulation necktles and their Commencement day demeanor, than they ever were before, or probably ever win be again. Your average young man doesn't like to be caught and confined on a platform. He knows too well that he is notther pretty nor graceful. He has no
CUNNING LITTLE COQUESTISH AIRS
with which to humbug critics and reporters. He can't wear clouds of flimy gauze and look like an angel just down from heaven on some temporary errand of goodness to mortals. He can't do his head up bewitchingly with curls and braids and flowers: in short, he is awkward in the extreme. But it must be conceded that he has the advantage of the be-muslined fairles when he gets into active life.

As to young ladies on graduating day, they are like-well, like anything presty and sweet. They know very well that white organdy is becoming, and that every reverend gentleman on the platform and every man in the audience looks and listens in a state or

So for the hour they harries. CHIVALROUS STUPEDACTION.

So for the hour they have things all their own way, and play at wisdom in a dainty manner, suggestive of literary kittens. Commencement day at Rutgers Female College yesterday was like most days of the kind. The exercises were held in the Fourth Presbyterian church, on thirty-fourth street, and consisted of music, essays, singing, &c.

The specimen work that the young ladies presented to the public was fairly executed and gracefully offered; but there was

NOTHING ESPECIALLY PRESH

fully offered; but there was

NOTHING ESPECIALLY FRESH

and earnest, nothing characteristic of the age of
ferment in which we live.

Among the more nouceable essays were "The
Mission of Destructive Forces," by Mary Ance
Brown; "Is there any Standard of Tastes" by Fanmie A. Thoms, and "True Greatness," by Augusta
Briggs. Briggs.
The Baccalaureate degree was conferred upon the

The Baccalaureate degree was conferred upon the following graduates:

Kate Asten, Augusta Briggs, Mary Alice Brown. Hattle Kirk Bryan, Frances Anna Cowles, Mary Evangeline Holden, Alice P. B. McEntire, Lucle Ko-Mahon, Florence Eliza Root, Fannie A. Thoms. The honorary degree of Mistress of 'Atts was conferred upon Mrs. Mixer, of the class of '44, and Miss Henrietta Church, of the class of '65. The degree of Doctor of Philosophy was conferred upon Miss Bulkley, principal of irvington instinute, Irvington, N. Y. Among the friends of the college in attendance were Mr. H. M. Pierce, President; Dr. Conant, of Brooklyn; Professor Francis Upham, Dr. Docemus, Erastus C. Benedict, Regent of the New York State University, Rev. Dr. Thomson and Rev. Dr. Sherwood.

THE CITY COLLEGE COMMOTION.

The semi-annual examination of the students of the College of New York will commence to-day. That it will have good results no one who is no quainted with the course of study pursued and the thoroughness of the instruction can doubt. Possibly the course of study and the thoroughness of in struction would have little effect upon these results were no ability and diligence shown by the students; but some time ago President Webb determined that ability and diligence should be the price of attend ance at the college, and forthwith expelled all drones and "lunkheads." Thus it was made sure that the results of examinations subsequent to that time would cause the college to assume such a place among educational institutions as it had never before occupied.

among educational institutions as it had never before occupied.

As evidence of the diligence required from each student it may be stated that before he can advance in grade it is necessary that he shall not be rated as deficient in any two studies—that is, he must have received not less than one half the maximum of marks allowed for perfection in each study. Further than that, it is required from each studes who is not advanced by reason of deficiency, before he will be allowed to recommence the studies of his grade, that he shall have shown ability to master them, and not have received seventy-five demerits during the term.

To-day the Seniors will be examined in civil and military engineering by Professor Compton; the

military engineering by Professor Compton; the Juniors in paysics and inorganic chemistry by Pro-fessor Doremus; the Sophomores inscalculus and practical ethics by Professors Docharty and Huntspractical ethics by Professors Docharty and Huntsman; the Freshmen in American literature and natural history by Professors Earton and Draper, Tutors Fisher and Bunet, and the Introductory Class in French and Latin by Professors Koemer and Herberman, Tutors Fabrigon, Tisdail, Roberts and Fiston.

COMMISSIONERS OF EMIGRATION.

Reports of Committees-Resolutions-Finan cial Statement. The Commissioners of Emigration met yesterday

afternoon at Castle Garden. The recommendation from the Ward's Island com

mittee that a hospital be prepared for children and patients suffering from non-contagious diseases No action was taken relative to a recommendation

from the Ward's island committee to purchase pic-tures for the hospital wards on the island. The Fnance Committee reported having audited bills since last meeting of the Board amounting to \$9,791. An additional clerk was appointed for the For-

warding sureau.

The following resolution was adopted:—

Resolven, That there be added to the present standing committees two committees, to be entitled Committee on Salaries and Offices and Committee on Repairs and Supplies, each to consist of five memoers, with the President of the Board.

The Committee on Supplies is to consist of Commissioners Earr, Frear, Husted, Schaack and Wil

missioners Earr, Frear, Rusted, Schaack and Wilmann.

The Committee on Salaries is to consist of Commissioners Frear, Wallack, Bell, Hart and Lynch.

The number of engigrants arrived from June 1 to
June 8 was 11,043; total number arrived from June 1 to
June, 1871, 77,191; total number from January
to June, 1870, 29,655.

The following was the financial statement:—Balance in bank January 1, \$1,302; aggregate receipts
to May 25, \$265,067; received since to June 8 for commutation of passengers, \$27,737; disbursements as
per previous account to May 25, \$234,751; current
expenses to date, \$25,502; cash on hand, \$37,863.

SUPPOSED DEATH FROM A STAR WOUND.

Wm. Murphy, a man sixty-four years of age, who had been in poor health for fifteen years past, died in Bellevue Hospital on Wednesday night, as was supposed, from the effects of a stao wound. Murphy who was very infirm and unable to labor, was gathering wood in Robinson street on the evening of the 25th ult., and coming in collision with a small boy received a slight cut in the left side. Mr. Murphy proceeded to his home, on the top floor of the tenement house 46 Centre street, and complained to his daughter Kate, at the same time showing her the wound, which appeared to be slight and did not bleed. Kate placed a sticking plaster over the cut, and as her lather had a severe cough and feit bad generally she procured permission and sent him to the hospital. The surgeon in attendance though him suffering more from pulmonary disease than any other trouble, and so informed his wife and daughters. No attention was therefore paid to the boy alleged to have cut deceased, and his name and whereabouts are unknown. Yesterday afternoon detective Fitzmaurice, of the Sixth preduct, brought Mrs. Murphy and two daughters to the City Hall to make an explanation to Coroner liermann. An inquest will be held in the case to-day. who was very infirm and unable to labor, was

JUMPING FROM A TRAIN.

Owen Cornell, a young man twenty-one years of age, who lived in Spring street, near Marion, died in Believue Hospital on Wednesday night, Last Friday week, in the evening, deceased was riding up town in a steam car, and when the train was passing through the tunnel near Seventy-second a quite a rapid rate, Cornell jumped from r and struck on his head, thus receiving fatal hours.

QUEENS COUNTY'S DISCRACE.

Scarcely a day passes but some unfortunate man or woman is arrested in Queens county occause they are insane. On Wednesday two such persons they are libane. On wednesday two such persons were arrested in Jamaica. Queens county has no asylum or other public institution except a filthy poor house. Lunatics are placed in the common hall with the worst of criminals. Kings county will not receive these patients because Queens county does not pay its debts.

FINANCIAL AND COMMERCIAL.

WALL STREET, THURSDAY, June 8-5 P. M. On 'Change to-day waeat was higher, but not so active. The cotton market was heavy and somewhat lower.

DECLINE IN FOREIGN EXCHANGE.

The leading bankers have made a further reduc tion in rates for foreign exchange, the original de-cite produced by the sharp demand for cash gold being assisted by the easy money market in London, the Bank of England showing a further increase of about £375,000 in bullion. The quotations for sterling and continental bills are now as follows:—Sterling, sixty days, commercial, 109½ a 110; good to prime bankers', 110 a 110½; short sight, 110% a 110%; Paris, short sight, 5.10; Antwerp, 5.20 a 5.15; Switzerland, 5.16% a 5.13%; Hamburg, 35% a 38%; Amsterdam, 40% a 41; Frank-

thalers, 71 a 71%. MONEY TWO TO FOUR PER CENT. Money was perhaps a little more active, and rather better employment was found for it at three to four per cent, the transactions at two per cent being exceptional. The strict quotation of the market would be three per cent on government collaterals and three to four per cent on stocks.

fort, 40% a 41; Bremen, 78% a 79%; Prussian

Prime commercial paper was in good request, with little offering.

THE GOVERNMENT SALE OF GOLD. The bids for the government gold called for a total of \$6,623,500, and the prices offered ranged from 111.18 to 112.2834. The sale was limited to a million, which amount was awarded at 112.28% a 112.20, the average being as nearly as possbile the market price at noon.

The gold market was feverish on a light business. The "bulls" did not seem disposed to press the bor rowers or cash gold, and, in the relaxation of rates, the market drifted in favor of the "shorts," but to no important extent. After three o'clock two and per cent were paid for the use of gold to-morrow, which was taken to mean that the "bulls" will renew the "squeeze" then, particularly as a week at least must go by before Mr. Boutwell can seil any more gold-quite a margin of time within which to develop the "bull" tactics. The market was unsettled between the limits of 112% and 112%, the latter being an official but disputed quotation, and nominal to the extent that it was the price of not more than a small tot. The course of the market is shown in the table:-

In the gold loan market the rates ranged from 2 per cent for carrying to flat for borrowing. The operations of the Gold Exchange Bank were as follows:-

 Gol1 cleared
 \$77,603,000

 Gold balances
 2,450,473

 Currency balances
 2,727,914
 The Hansa, for Europe, took out only \$40,000. GOVERNMENTS STEADY.

The government list was dull, dealings being interrupted by the suspension of the afternoon calls to make way for the workmen engaged upon the atterations at the Stock Exchange. The market was steady throughout the day, and closed with the fol lowing street quotations:-United States currency sixes, 115% a 115%; do. do., 1881, registered, 114 a 114%; do. do., coupon, 117% a 117%; do. five-twentles, registered, May and November, 112 a 112%; do. do., 1862, coupon, do., 112 a 1121; do. do., 1884, do. do., 112 a 112½; do. do., 1865, do. do., 112 a 112½; do. do., registered, January and July, 110¾ a 111; do. do., 1865, coupon, do., 1141/4 a 1141/4; do. do., 1867, do. do., 114% a 114%; do. do., 1868, do. do., 114% a 114%; do. ten-forties, registered, 109% a 109%; do. do., coupon, 109% a 110. THE NEW LOAN.

The additional subscriptions to the new loan today were \$202,000, making the total subscriptions and conversions to date \$66,711,850.

THE LAKE SHORE EXTRA DIVIDEND. The directors of the Lake Shore and Michigan Southern Railway Company held a special meeting this afternoon at the office of the Union Trust Company, to consider the question of increasing the capital stock from its present figure, \$35,000,000, to the full amount authorized by the articles of consolidation-viz., \$50,000,000. The proceedings were conducted with closed doors, but it is intimated that a division of opinion existed as to the percentage of cash to be called up in return for the award of the additional stock to the present stockholders. The matter was finally compromised by the unanimous adoption of the following resolutions, leaving the stockholders to settle the matter

by their votes:-Resolved. That it be recommended to the stock holders of this company to authorize the issue of the \$15,000,000 of the capital stock of this company

the \$15,000,000 of the capital stock of this company remaining unissued.

Resolved, That a meeting of the stockholders of this company be called to be holden at the city of Cleveland. Ohio, on Thursday, the 27th day of July next, at eleven o'clock in the forenoon, to vote upon the question of such an authorization.

Resolved, That the secretary do forthwith give the notice of such meeting and of the object thereof in the newspapers, to be published in each of the cities of New York, Buffato, Eric, Cleveland and Chicago, as required by the third article of the consolidation agreement of June 22, 1869.

Resolved, That for the purpose of ascertaining the parties entitled to vote upon the question of authorizing such issue the stock transfer books be closed on the 26th day of June inst., and that the same remain closed until the further order of the board.

The directors further voted a semi-annual dividend of four per cent, free of government tax, payable August 1, the transfer books closing June 28. THE WESTERN UNION TELEGRAPH COMPANY.

At the semi-annual session of the board of directors of the Western Union Telegraph Company a report was submitted by the President, of which the following is a synopsis:-

a report was submitted by the Fresident, of which the following is a synopsis:—

The net profits from July 1, 1850, to July 1, 1870, were \$2,227,045. The net profits for the year ending June 1, 1871, were \$2,547,854. For the six months ending June 1, 1871, the net profits were \$1,216,459. The resources of the treasury have been applied to the purchase of the capital stock, which has been reduced from \$41,000,000 to \$35,000,000. The bonded debt is about \$4,000,000. In 1887 the company had 97,000 miles of wire; in 1870, 129,000 miles; in 1837, 3,061 offices; in 1870, 4,200 offices; in 1870, 4,200 offices; in 1870, 8,000,000, exclusive of press messages; in 1870, \$,000,000, exclusive of press messages; the gross receipts in 1867 verse \$6,643,000; in 1870, \$7,321,000; net profits in 1867, \$2,477,200; in 1870, \$2,352,750; construction of new lines cost in 1867 \$416,000, in 1883 \$355,000. In 1889 \$673,000, in 1870 \$400,000. The average of toils on messages in 93. In 1870 the average expense for each message \$10.3. In 1870 the average expense of each message 64c.

STOCKS WEAK AND PEVERISH

The stock market was weak and underwent two distinct violent fluctuations. In the forenoon heavy sales were made of Rock Island by a leading broker, which carried the price down from 124% to 120%. Nothing being known of the results of the stocknoiders' and directors' meetings at Chicago, the street was inclined to act on the belief that no news was bad news, especially as the unloading of the operator referred to created a suspicion that the clique had quarrelled and broken up. The list generally sympathized with this decline, but, of course, to a much less extent, and showed signs of strong recovery until the do-nothing action of the Lake Shore directors was made public. The disappointed holders of the stock began selling, and the price of Lake shore ran down to 113%, carrying with it the rest of the market, as Rock Island had done in the forenoon. The public are, as usual, greatly "mixed" as to the effect which the action directors of Lake Shore will have upon the stock. With earnings in 1870 which amounted to only nine per cent upon the present capital the prospect of an eight per cent dividend upon nearly one and a half times the present capital not a very brilliant one. Doubtless the capacity, of the road to earn a larger dividend would be insured by additional facilities in the way of a double track and more rolling stock; but such extra equipment would require a heavy outlay of cash, with which the company is almost unprovided. The means could be furnished by selling the proposed new stock to the stockholders at a per centage. Doubtless this per centage will be the question at issue when the meeting of the stockholders takes place. Meanwhile, looking at the stock from the standpoint of "the street," and, therefore, in a speculative light, it is hardly probable that the in-side controlling parties did not provide themselves

known intentions of the directors. It is, therefore, shrewdly intimated that these parties are no longer buyers of the stock, but will be sellers if they find a market. The future to July 27, or to the division of the extra stock, whenever that may be made, is, therefore, likely to witness violent fluctuations, such as accompanied and followed the famous 80 per cent scrip dividend on New York Central. The State bonds were dull and generally steady. The coal stocks were active and strong. The Harlem Rattroad Company have declared a dividend of 4 per cent, payable July 1, the books closing June 20.

DEPARTMENT OF DOCKS.

Meeting of the Board Yesterday-The North River Obstructions to be Removed-Deter-A meeting of the Board of Dock Commissioners

was held yesterday at their office. Mr. Commissioner Agnew presided. There were also present Commissioners Hunt, Wood, Henry and Smith.

The report of the Executive Committee was read, which referred to a remonstrance that had been addressed to the Board by R. L. Stuart and others with reference to the many obstructions in the river between Chambers and King streets. Trees obstructions consisted of barges permanently moored and lumber. The committee recommended that those causing these obstructions should be served with notices to remove them before the 1st of August; and, failing in that, that those obstructions be removed by the Board, at the expense of the delinquent parties.

Mr. Commissioner Wood, in moving the adoption of this report, said that the Executive Committee

Mr. Commissioner Wood, in moving the adoption of this report, said that the Executive Committee had visited the part of the river reterred to and had personally seen these obstructions. They had, after careful inquiry at one of the largest lumber yards, been told that these could be cleared away by the 15th of July, but the committee, desirous of giving ample time, had fixed the 1st of August. The committee had felt that the steps taken as to the removal should be faithfully and peremptorily carried out, and if the Board adopted the report he had no doubt that the obstructions would certainly be removed. It was necessary that the lumber and the barges that now obstructed the business of the river should be taken away.

The chairman, in putting the vote as to this report to the Board, said that the Board had no misgivings as to their intention to carry this report out, and that it would be well for the river obstructions to be removed as promptly as possible.

The following routine business was also disposed of:—

The report was adopted.

The Executive Committee reported adverse to the petition of John Baxter to have a bulkhead built at Eighty-sixth street, East river; adverse to the petition of H. W. Genet to have a pier built at the foot of 102d street, Hariem river; in favor of building a pier at the foot of Fifty-seventh street, North river, if the street be extended; in favor of removing the pier in pier No. 24 Fast river, belonging to the Hartford Steamship Company, to the Corporation Yard; to allow the New York and Troy Steamboat Company to repair pier No. 44 North river, which was destroyed by fire; to permit E. N. Herbort to lay a drain pipe through the buikhead at the foot of Leroy street, North river, on certain conditions. The petition of — White to have a covered barge for the sale of fruit on the west side of Fulton ferry was denied. The puttion of U. E. Hubner & Co. for a lease for twelve years of the buikhead between Twenty-third and Twenty-fourth streets, East river, at a rent of \$900 per annum, was denied.

streets, East river, at a reat of \$1000 per annum, was denied.

The petition to have the dumping board at pier 41 East river removed was referred to the Executive Committee.

A petition of Mary Ward to be allowed to erect a lunch booth opposite bulknead of pier No. 3 North river was denied.

The Board then went into executive session.

CHAMPION CIDER CONSUMER.

In Justice Snedeker's court, in Jamaica, L. I., yesterday, William Creamer was committed to jail for embezzlement, swindling and misappropriation of goods. On the examination it appeared that in seven hours he drank five gailons of cider which he had been forbidden to touch.
